

KLove radio is a vital part of our community and serves us with oppurtunities to hear programing we could NOT get from any other station. The effect of it being displaced by an LPFM would be tragic to the Christian listeners who rely on KLOVE for prayer, encouragement,etc. It the only radio station we have in which the entire family can listen with out fear of hear something inappropriate. Klove is absolutely necessary for our best public interest because we can not get this kind of service and dedication from any other station. Please protect this valuable station. Thank you! Christina Bicondoa
